Diploma in Computer Engineering *GPA: 9.07*   Jul 2018 - Jun 2021

S. S. Nikam English School   Raigad, IN
SSC *Percentage: 89.00*   Jun 2018

PROJECTS

MedDonor
Tech Stack: ReactJS, Java, Springboot, MySQL
- Created a web app that collects extra medications from donors and gives them to underserved communities to enhance healthcare access and results.
- The application includes features such as a user and admin login, product list, order summary, donate medicine, add product, view products, etc.
- Developed frontend in ReactJS and backend using Java, Spring Boot, and MySQL.

Pavitradham Society App
Tech Stack: Java, Firebase
- Developed an Android-based society management application to automate and improve community management tasks, enhancing transparency and reducing manual effort.
- Application includes features such as adding members, events, viewing complaints, about society, pay maintainence, etc.
- Developed frontend in Java and Firebase Firestore for backend.

SKILLS

Programming Languages:	Java, JavaScript
